

To participate in the conference, each participant in the conference must:

- by **November 1, 2019**, register for the conference on the conference website

<https://conferences.vntu.edu.ua/index.php/egeu/>

- to submit, by **November 10, 2019**, the materials of the report electronically to the conference website. Instructions for submitting a report to the conference site are available at

https://conferences.vntu.edu.ua/public/files/egeu/a_guide_itb.pdf

The materials of the papers considered and approved at the conference will be recommended for publication in the professional editions of VNTU, included in the list of scientometric base Index Copernicus: journal “Вісник ВПІ”, electronic journal “Scientific works of VNTU”, international scientific and technical journal “Modern technology, materials and design in construction”.

Requirements for the preparation of materials

1. The report should contain a brief description of the general problem and the relevance of the unsolved tasks, with a mandatory reference to the literature; the formation of the tasks under consideration; characterization of the method of solving these tasks; the results obtained; conclusions; list of literary sources.

2. The requirements for the design of articles for publication are published on the journal's website "[Вісник ВПІ](#)".

Article structure:

Authors (initials, family name, academic degree, academic rank, names of institutions where authors work)

Title of the article

Summary

Introduction

The main text

Conclusions

References

About the authors.

International System units are used in the article.

An example of the text of the article is available at https://visnyk.vntu.edu.ua/public/docs/visnyk_prykl_stat.doc

References are made according to the rules given in the example <https://visnyk.vntu.edu.ua/public/docs/lit.pdf>. The list is made up of links in the text.

After the list of references the full name of the department (subdivision) of VNTU is given, which recommends the article for publication.

Author information: surname, first name, academic degree, academic title, position and full name of the co-authors' institutions, telephone numbers, e-mail addresses.

Simultaneously with the printed manuscript and electronic version of the article [авторська довідка](#) is submitted, made by example

(<https://visnyk.vntu.edu.ua/public/docs/avtdov.doc>).

If the article is prepared in violation of the above requirements and rules, the editorial board may refuse to publish the article after preliminary review. Editorial articles may be edited without the author's consent.

INVITATION

**International
scientific and technical conference**

**ENERGY EFFICIENCY
IN THE ECONOMY OF UKRAINE**

**Vinnytsia
November 12-14, 2019**

The purpose of the conference is to discuss and solve theoretical and practical problems of development and implementation of energy-efficient nature-saving technologies and equipment in the Ukrainian economy.

Directions of the conference:

- energy efficiency and environmental protection in energy and industry;
- energy-saving and nature-saving technologies in construction and housing and communal services;
- diversification of energy sources in industry, housing and communal services and agro-industrial complex, alternative energy sources;
- organization, management and economy in construction;
- environmental safety and renewable energy.

WORK PROGRAM

November 12, 2019

8⁰⁰–17⁰⁰ - registration of conference participants, settlement.

November 13, 2019

8⁰⁰–11⁰⁰ - registration of conference participants;

11⁰⁰ - 13⁰⁰ - plenary meeting;

13⁰⁰-14⁰⁰ - lunch break;

14⁰⁰-18⁰⁰ - section meeting;

November 14, 2019

9⁰⁰–12³⁰ - section meeting;

12³⁰-13⁰⁰ - summarizing the conference;

13⁰⁰-14⁰⁰ - lunch break;

14⁰⁰ cultural program.

PROGRAM COMMITTEE

Grabko V. - Chairman of the Committee, Rector of VNTU; Pavlov S. - Vice-rector for scientific work of VNTU; Guzhva L. - Director of the Department of Construction, Urban Development and Architecture of Vinnitsia Regional State Administration; Valuev V. - Professor of Brest State Technical University (Belarus); Gencho Hristo - Associate Professor of the Department of Buildings Construction of Varna Free University "Chernorizets Hrabar" (Bulgaria); Gyrenko T. - General Director of Podillya Concern (Ukraine); Jejula V. - Professor of the Department of Engineering Systems in Construction (ISB) of VNTU, Dudar I. - Professor of the Department of Construction, Urban Economy and Architecture

(BMGA) of VNTU; Ioan Rusu - Professor at Georgi Asaki Technical University (Romania); Kotz I. - Professor, Head of the Department of ISB; Livinskii O. - Academician of ABU (Ukraine); Morgun A. - Professor, Head of the Department of BMGA VNTU; Ratushnyak G. - Professor, Dean of the Faculty of FBTEGP of VNTU; Rothstein A. - Professor at the Jerusalem Polytechnic Institute (Israel); Serdyuk V. - Professor of the Department of BMGA VNTU; Strikha I. - Professor of Research and Design Republican Enterprise (Belarus); Tkachenko S. - Professor, Head of the Department of Thermal Power Engineering (TE) of VNTU.

ORGANIZING COMMITTEE

(working group)

Chairman – Ratushniak G. - Dean of the Faculty of FBTEGP of VNTU.

Deputy Chairmen:

Bogachuk V. - Head of Research Unit of VNTU;

Stepanov D. - Deputy Dean for Scientific Work and International Cooperation FBTEGP VNTU.

Group members:

Kovalchuk V. - Vice-rector for scientific and pedagogical work on material and technical support of educational and scientific processes of VNTU; Nechepurenko L. - Chief Accountant of VNTU; Dudar I. - Professor, Department of BMGA VNTU; Kotz I. - Head of the Department of ISB VNTU; Morgun A. - Head of the Department of BMGA VNTU; Tkachenko S. - Head of the Department TE; Babak N. - engineer of the Department TE.

In case of a remote form of participation, reports are submitted on the conference website, the head of the department appoints a reviewer, who at the meeting of the section gives a recommendation for publication. The topics of papers considered and approved at the conference and recommended for publication in scientific journals will be announced at the final plenary session of the conference. The accommodation of the participants of the conference is planned in the dormitory of VNTU and the hotels of Vinnitsia (by reservation and a separate fee). The cost of accommodation will be reported additionally.

CULTURAL PROGRAM

Excursion to Vinnitsia is planned for the participants of the conference. The city of Vinnitsia is called the pearl of Podillya and this is really true. Located on the banks of the legendary Southern Bug River, it impresses everyone with an organic blend of urban civilization and picturesque nature.

The city is over six hundred and fifty years old. Historic monuments that have been preserved so far, their restoration, the appearance of new buildings in the traditional historical surroundings help preserve the unique character of the city's architecture.

All museums in the city are open to visitors. The Werwolf Museum is located 8 km from Vinnitsia on the site of Hitler's destroyed pond. The unique church of St. Nicholas, where the embalmed body of the world-renowned surgeon Mykola Pirogov lies, is located near the museum-estate of M. Pirogov. The Museum of Local History and Art is a real treasure trove of masterpieces of art, sculpture, decorative art, a collection of portraits, archeological and ethnographic finds. The Roshen Fountain, located on the picturesque seafront of the Southern Bug, is the only floating fountain in Ukraine and the largest in Europe.

In recent years, Vinnitsia has been a leader among Ukrainian cities in terms of comfort of life due to the quality of transport infrastructure, transparency of administrative services. Respect and care for the past and the revival of the city's national traditions have become quite widespread in recent times and contribute to the revival of the spiritual life of the city.
